

North Houston Jaguars

August 31, 2010

Dear Jaguar Nation, Present, Past, & Future:

It is with mixed feelings and deep regret that at this time, I have decided to resign from my positions as Athletic Director and Varsity Football Coach on the staff of the North Houston Jaguars football and cheerleading organization.

I know this is sudden and likely a huge surprise to many of you. This was not an easy or simple decision for me. However, there are issues and concerns that I feel I need to separate myself from in order to positively move myself and the YFL forward.

I would like to offer my personal thanks to all of you for allowing me to share in the development of your children and your unwavering support over the years. I cherish all the relationships we have developed and hopefully they will continue for many years to come. Although I will not be working directly with the Jaguars' organization any longer, I will be available to address any personal concerns you may have just as members of the other YFL organizations.

I wish each of you, players, cheerleaders, parents, and other staff members the best for the future.

Thanks and Kind Regards,

A handwritten signature in black ink, appearing to read "E. Hart".

Edward Hart "Big Daddy"
Former Athletic Director & Varsity Football Coach
